San Diego, CA 92108-4310

**Subject: Comments on the Draft Record of Decision, Site 17 Seaplane Lagoon,  
Alameda Point, Alameda, California**

Dear Mr. Macchiarella:

The San Francisco Bay Regional Water Quality Control Board staff reviewed the *Draft Record of Decision, Site 17 Seaplane Lagoon, Alameda Point, Alameda, California*, dated June 05, 2006, and revised July 03, 2006, (Draft ROD) and has the following comment:

- **Page 13-2, Table 13-1 Chemical-Specific ARARs, First Row, Water Quality Standards, National Toxics rule (NTR) and California Toxics Rule:** In this section, the draft ROD stated that the NTR and CTR are potentially applicable to the expected discharge to surface water for PCBs and DDx during dredging and dewatering activities. Please note that the NTR and CTR are applicable to all chemical discharges into Waters of the State as part of the remedial action, and are not limited to discharges of PCBs and DDx. Please revise the Draft ROD.

Please contact me at (510) 622-2363 or email [jchuang@waterboards.ca.gov](mailto:jchuang@waterboards.ca.gov) if you have any questions.

Sincerely,

Judy C. Huang, P.E.  
Project Manager
